

Ruggedized Secure Mobile Office

The L-3 GCS Leopard™ 200 Ruggedized Secure Mobile Office provides secure network reach back access to critical information using secure voice and data communications. In today's environment, having immediate data access and communication is a necessity and the Leopard™ 200 delivers a robust and easily-deployable mobile office. No matter where business takes you, the Leopard™ 200 keeps you in touch.

Packaged in a single compact case, the Leopard™ 200 Ruggedized Mobile Office reduces typical setup times using pre-configured interconnects between all peripherals. It provides portable office and encrypted IP voice and data communication utilizing a local area network (LAN). A fully-integrated suite of primary office components including a semi-rugged notebook, color printer, scanner, and Voice

over IP (VoIP) phone allows you to maintain critical communications remotely. Firewall protection between the LAN and the WAN provides additional network security using a Cisco adaptive security appliance. The Mobile Office interfaces seamlessly with the L-3 GCS Hawkeye™ and Cheetah™ families of auto-acquire VSAT terminal as well as the Panther™ manpack and terrestrial IP networks.

FEATURES

- Encryption options for secure voice and data communications
- Fully integrated laptop, scanner, printer and VoIP phone
- Designed for rapid deploy and setup, requiring no user setup or configuration
- User-friendly, pre-established connection between all devices
- Single rugged case for ease of transport
- Airline checkable based on size and weight*

*may be subject to individual airline restrictions

BENEFITS

- Pre-configured interconnects allow for immediate data and voice access
- Fully integrated suite of primary office components allows the user full communications from remote areas
- Secure network communications for both voice and data
- Complete interoperability with L-3 GCS' Hawkeye™, Cheetah™ and Panther™ VSAT terminals
- Simple to use, robust and easily deployable

Ruggedized Secure Mobile Office

System includes:

| CHARACTERISTICS | SPECIFICATIONS |
|-------------------|---|
| Dimensions | 24.6(W) x 19.7(D) x 11.7(H) inches 61(W) x 51(D) x 28(H) centimeters |
| Weight | >70 lbs. (31.75 kg) |
| Power | AC: Auto-sensing worldwide, 90-260VAC, 50-60 Hz DC: +28 VDC, ±2 VDC reverse polarity protected |
| Operating Temp. | 0°C to +40°C |
| Interfaces | (4) RJ-45 LAN port (1) RJ-45 WAN port (1) RJ-45 ASA5505 Console port (4) USB 2.0 – 1 USB/eSATA combo IEEE 1394, 6-in-1 card reader, 54 mm ExpressCard or Type I/II PCMCIA Docking Connector, VGA, DisplayPort Microphone jack, Headphone/ speaker out |
| Network Protocols | Telnet, Secure Shell (SSH), HTTP, VPN, DMVPN, DHCP, VLAN |
